Our Final Live Seminars

Due to the overwhelming demand for our online seminars, this is the last time that we will offer our seminars live. Seating is very limited, so register right away to guarantee a seat.

“Personal Power”

2 hours

Anita shares seven vital concepts to master when the pressure is great; especially effective during tests (RPR, RMR, CRR), high media visibility, applying for a job or giving a presentation to win over a law firm to hire your agency. This includes blowing fear out the window and feeling comfortable during what some call high pressure. Controlling unnecessary fear brings great peace and less stress.

“Ethics by Chance or by Choice”

2.5 hours

Pam Coder will demonstrate how to humorously and professionally handle ethical situations per our NCRA Code of Ethics for the benefit of the reporter, clients, and firms we represent

Special format: Group participation and discussion, individual and group.
